**BOX PICTURE**

Dress up your terrace, balcony or home for the Christmas holiday with Entac Christmas metal ball strings! Due to the effect of the metal balls the light emitted by the LEDs is scattered as tiny dots, which creates the perfect Christmas mood for your home.

Our metal ball Christmas lights are available in warm white (WW) color temperatures. The 1-meter long string features 10 LEDs, while an additional 30 centimeters of cable ensures convenient access to the battery box. The product works with 2 AA batteries not included in the package.

You may find the detailed operating instructions in the box.

The Entac Christmas lights category includes numerous other products. Learn more about these on the following [link](#).
