The Entac IP44 extension cords are indispensable both at work and home. With their help you can provide electricity for all of your electric devices even if the power source is located further away. Our range includes extension cords with earthed sockets in black and 5, 10, 20, and 30-meter lengths and 3G1.5 cable types. The IP44 extension cords are also suitable for outdoor use due to their water and dust-proof properties.

The Entac extension cords category includes numerous other products. Learn more about these on the following [link](#).
