BOX PICTURE

The Entac Zoom USB aluminum flashlights for bikes will provide the light you need in every situation. Let it be a power outage, an excursion, a dark winter morning or any other situation, our flashlights and torches will come handy. Our Entac Zoom USB aluminum flashlights for bikes with IP65 protection can also be used in wet conditions, while the aluminum case ensures product durability. Light is provided by a 5W and 500 lumen XML-T6 ChipXML-T6 Chip, granting a visual range of up to 150 meters. The zoom head makes light control even easier. The box also contains a light holder that can be mounted on the bike and thus the product can also be used as a bike lamp. The

flashlight has a built-in 18650 battery that can be recharged with a USB charger or if needed, it can also be used with 3 AAA batteries. Its operating time is a maximum of 6 hours.

The Entac Flashlight category includes numerous other products. Learn more about these on the following [link](#).
