BOX PICTURE

Find your way safely in the dark with Entac headlights! Let it be about work or going on an excursion, with these products you can get the necessary light even in situations when both of your hands are needed and thus the traditional flashlights cannot be used. It is easy and comfortable to wear thus adequate lighting is provided exactly where it is needed. Due to their IP44 protection, the Entac headlights can also be used in places with high humidity or water droplets. It is available with a 5W output and 600 lumen brightness and a maximum of 6 hours of operating

time. The lamp head can be rotated 90 ° and the focusable zoom head makes light control even easier. The headlamp operates with 4xAA batteries.

The Entac Flashlight category includes numerous other products. Learn more about these on the following [link](#).
