 Functions:
 Description:

BOX PICTURE

Step up against the darkness of the night with Entac nightlights! Children's rooms or dark corridors can be lit easily and perfectly with our nightlights used directly in power sources, facilitating orientation. Pick from a great selection of our 0.5 W, 25 lumen nightlights: cool white (CW) color temperatures, in oval or square form. Thanks to its smart "Dusk to Dawn" function there is no need to switch it on and off, it starts operating at sunset and switches off automatically at sunrise.

The Entac Flashlight category includes numerous other products. Learn more about these on the following [link](#).
