The Entac socket converters are truly helpful tools for your household. They enable you to put any lightbulb into almost any socket. They are quick and easy to use. You only need to place the bulb you want to use in it and it is ready to be put into the socket. Our adapters can convert an E14 socket to E27, G9 or GU10, the E27 socket may be converted to E14, G9, and GU10, while GU 10 sockets can be converted to E14, E27 and G9.

Entac has a number of different product categories that can be viewed at the [link](#) below.
