PRODUCT DESCRIPTION

The Entac USB socket extension are indispensable both at work and home. With their help you can provide electricity for all of your electric devices even if the power source is located further away in the room. Our USB power strips are available in a version with 3 earthed sockets, equipped with a switch, in a 1.5 and 3 meter length and a 3G1.5 cable type. Thanks to the 2 USB ports you may charge your electronic devices even without an adapter and even if the sockets of the power strip are all used. With the help of the switch you may disconnect your devices without the need to unplug them from the power strip.

The Entac socket extension category includes numerous other products. Learn more about these on the following [link](#).
