PRODUCT DESCRIPTION

Light up your garden or garage entrance with outdoor solar lights from Entac. With their minimalist design, these light perfectly fit into any environment. Due to their solar function, these products offer an energy-efficient and affordable lighting option. The products are available with a height of 36 cm in plastic or stainless steel version and in a height of 21 and 30 cm with a stainless steel design. The lamps operate with a Ni-MH 1.2V 200mAh built-in battery where lighting is provided by 1 white LED. Due to their IP44 water and dust-proof properties, they are truly long-lasting. Their operating time is a maximum of 6 hours.

The Entac Solar light category includes numerous other products. Learn more about these on the following [link](#).
