Description:

BOX PICTURE

Entac 180 ° rechargeable work lights represent the perfect choice for convenient repair work. During repair and assembly there are always hard-to-see places when the main light source of the room is just not sufficient as it cannot illuminate the needed areas, let it be indoors or outdoors. That's the right kind of work for the Entac multifunctional work lights. Our 180 ° rechargeable work lights are also equipped with a hanger and a magnet that help you place your lights where they are needed the most, ensuring proper lighting for the area of your choice. Due to IP65 protection this product is truly durable and can also be used in wet conditions. The product has 1 COB light

source with a 3W power output and 120 lumen brightness, and on top of the fold-out head it features a white 1W LED ensuring multifunctional lighting options, providing a visual range of up to 50 meters. Thanks to the head that may be rotated 180 ° upwards, we can direct the light to where it is needed the most. It can be recharged with a USB charger included in the package. Charging time for the built-in 1800mAh battery: 5 hours. Its operating time is a maximum of 8 hours.

The Entac Work light category includes numerous other products. Learn more about these on the following [link](#).
