BOX PICTURE

Due to its IP44 protection this product is truly durable and can also be used in wet conditions. With its solar function, it offers an energy-efficient and affordable lighting option. At the same time, its Li-ion battery can also be charged with a USB charger, thus the light is available in any situation. With the help of its Power Bank function, your other electric devices can also get access to power while working. The product has a 5W power output and a 300 lumen brightness granting a visual range of up to 50 meters. Its operating time is a maximum of 4 hours.

The Entac Work light category includes numerous other products. Learn more about these on the following [link](#).
