BOX PICTURE

The Entac aluminum flashlights with a telescopic neck will provide the light you need in every situation. Let it be a power outage, an excursion, a dark winter morning or any other situation, our flashlights and torches will come handy. Our aluminum lamp with a telescopic neck also features a magnet that lets you place your lamp where it is needed the most, ensuring proper lighting for the area of your choice, while the clip design makes it extremely portable. With IP44 protection it can also be used in wet conditions, while the aluminum case ensures its durability. The telescopic neck makes lighting narrow places possible also. The flexible neck makes light control easier. Light

is provided by a 1W and 30 lumen LED, granting a visual range of up to 10 meters. The flashlight works with 4 LR44 batteries. Its operating time is a maximum of 5 hours.

The Entac Flashlight category includes numerous other products. Learn more about these on the following [link](#).
